Learning Goals
Identify and name shapes.

What You’ll Need
- Construction paper
- Wooden craft sticks
- Glue
- Googly eyes (optional)
- Markers or crayons
- Scissors

Steps
1. Cut out shapes! With the construction paper, cut out various shapes, including squares, circles, ovals and triangles. Look at the picture above for an idea of which shapes to make and what size.
2. Make a frog and bird! After you’ve cut out the shapes, glue them together, using the picture above as a guide to make a frog and a bird. If you don’t have googly eyes, use a marker or crayon to draw the eyes.
3. Make puppets! Glue a wooden craft stick to the frog and the bird. Now you’ve got puppets!

Talk Together
- Tell me about the shapes we used to make the puppets.
- What happens to the circle when we cut it in half?
